**MTRADE PRO USER:**

This is a list of the fees that are associated with the MTRADE PRO platform, but are not relevant to Man Financial's other trading platforms. It is essential that you read and understand the fees listed below. If you have any questions, please contact your Account Executive for further explanation. This form must be signed, dated and returned to your Account Executive before your MTRADE PRO setup can be completed.

1. An additional fee of \$0.50 cents per contract per side will be added to the combined exchange and NFA fees that are currently charged. This additional fee is charged by our software provider and passed on to each MTRADE PRO user.
2. When using the DOM (Depth Of Market) feature you will be charged \$50.00 per month if you do not complete 200 contracts per month on the MTRADE PRO system. The DOM feature is not automatically activated and must be individually requested. Call your Account Executive for further details.
3. A separate Inactivity Fee of \$50.00 will be charged to any MTRADE PRO user who does not use the platform to make at least one trade per month.

**If you are no longer trading or accessing market information using MTrade Pro, you must send a Remove Request to [mtrade@manfinancial.com](mailto:mtrade@manfinancial.com) or send a fax to attention: H. Jung at 312-663-7524. Your message must state that you wish to be removed from MTrade Pro and must provide your account number and broker/salesperson name.**

**Failure to remove yourself will result in monthly non-refundable inactivity and applicable DOM fees being charged to your account.**
